About us

We are a cotton nappy laundering service covering the Sussex and Kent. We supply, deliver, collect and launder modern cotton nappies.

We decided to offer this service after considering the environmental issues regarding the disposal of nappies and wanted to offer parents an alternative.

Why use cotton nappies?

- Using cotton nappies will help to combat the problems connected with the disposal of nappies in landfill sites.
- Cotton nappies are both soft and comfortable for your baby and are naturally absorbent.
- The nappies are washed in medical standard machines.
- Cotton nappies are kind to your baby's skin.
- The nappies can be washed and reused as many times as needed.
- A disposable nappy may take hundreds of years to decompose and in West Sussex we have less than six years of land fill space with planning permission left.
- West Sussex County Council is offering a financial incentive for choosing to use real nappies of up to £30.00.

The service we offer

We supply up to 50 nappies in a size to fit your baby from newborn to toddler.

We supply a bin for you to store the soiled nappies in.

We collect the soiled nappies and deliver freshly laundered nappies on a weekly basis throughout the year.

Laundering costs	
Size of nappy	Cost per week
Birth to Toddler 35 - 50 nappies	£10.00
Toddler 25 - 40 nappies	£10.00
Potty Maximum 25 nappies	£10.00

In addition to the nappies we will supply you will need to buy:

- Outer wraps
- Bio-liners for when baby is on solid food

Both of these can be purchased through us

Wraps

Size one to fit up to 15 lbs	£7.50 each
Size two to fit 15 lbs to 25lbs	£7.50 each
Size three to fit 25lbs to 40lbs	£7.50 each

Rolls of bio-liners

Pack of 200	£4.20
